

## **Workshop – “Information and Communication Technology On Trains”**

Olomouc, 12 September 2011

Dear colleagues,  
we have prepared for you logistics information to the prepared workshop.

### **Meeting location**

The workshop will be held at the Ministry of Transport, Nábřeží Ludvíka Svobody 12, Praha 1.

### **Transportation**

#### *How to get there on foot?*

The Ministry of Transport (MT) is situated on the embankment, by Hlávkův Bridge, next to the Ministry of Agriculture. From the street Na Poříčí, walk via Těšnov, and continue along Stárkova Street. The main entrance faces the Vltava River. From Florenc (metro, tram – Sokolovská Street), walk under the “Magistrála” Expressway via Těšnov, and again along Stárkova Street.

#### *How to get there by bus?*

From the Florenc Bus Station, on foot, in the direction of Sokolovská Street, under the “Magistrála” Expressway, toward the embankment.

#### *How to get there by train?*

From the Main Railway Station, by subway, to Florenc (“C” Line), and continue on foot.

From the Holešovice Railway Station, by subway, to Florenc (“C” Line) and continue on foot.

From the Masaryk Railway Station, by tram no. 3, to the stop Těšnov, or by tram 24 to the stop Bílá labuť, and continue on foot.

From the Smíchov Railway Station, by subway, to Florenc (“B” Line) and continue on foot.

#### *How to get there from airport Ruzyně?*

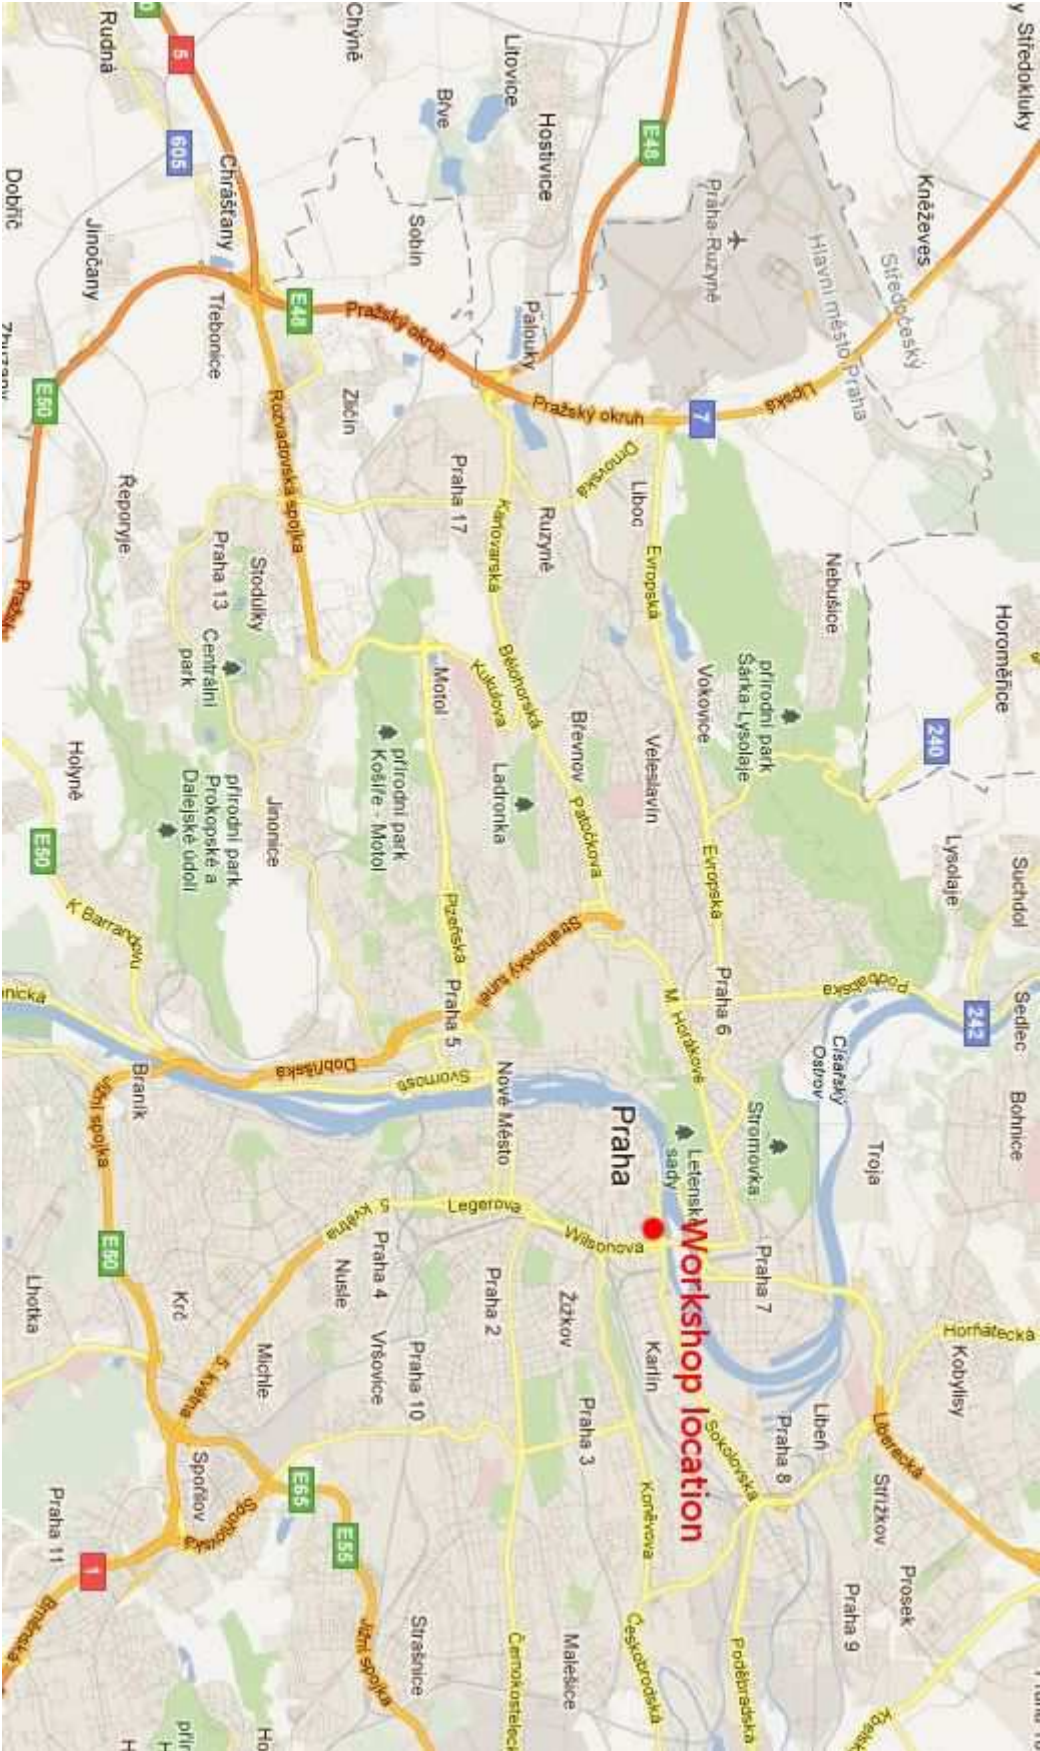

From the Ruzyně Airport by a public bus to Vítězné náměstí or Dejvická (Bus 119). Then by subway to Můstek (“A” Line), transfer to the “B” Line, and go to the Florenc subway station. Then continue on foot.

#### *Wheelchair access*

Given that the Ministry building does not have a wheelchair entrance from the street Nábřeží L. Svobody (the only entrance to the building), access for the physically handicapped is provided from Stárkova Street. For physically handicapped persons, a special elevator has been installed in the courtyard, which will take them to the 1st underground level, from which they can access the passenger elevator in the main building. The elevator for the handicapped is operated

by the security staff, who also accompany visitor, in line with the Ministry of Transport internal regulations.
